

CON3094 INSTALLATION

RJ45 Cat5e Connectors for Solid and Standard Wires

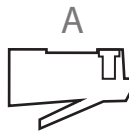

These RJ45 Connectors are perfect for use with Solid Cat5e cable and makes for quick, reliable terminations. Seat the cable, and finish off the job with any standard crimp tool.

1

Components.

1. Cable (not included)
2. Plug Housing (A)

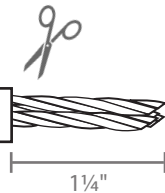

4

Cut conductors between $\frac{1}{2}$ " to $\frac{5}{8}$ ".

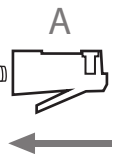

2

Cut cable jacket exposing approximately $1\frac{1}{4}$ " of the twisted pairs.

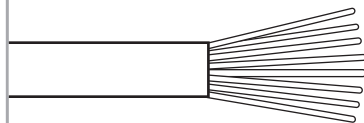

5

Insert wire into plug housing (A). Push forward until conductors engage their openings.

3

Untwist the pairs arranging them in the proper order (shown above).

6

Plug is ready to terminate using a crimp tool.
