2x6 Video Distribution Module

MSRP:

\$87.99

Clean up your installs!

With this module from Construct Pro, you can hook up any RF signal. It splits the signal to up to six different televisions. So, when you want to bring in a couple different signals and display them around the home or business, this module will be the perfect solution. Whether you have cable, satellite, or a security camera, this module is able to distinguish and distribute from two inputs to six different TVs. It saves you time and money!

Features

- » Bi-directional amplification
- » Easy to install
- » Works with cable, satellite and security camera
- » 2RF Inputs to 6RF outputs
- » Quantity: 1
- » Four pre-drilled holes with small push-in lock tabs
- » Wall or Wiring Box Mountable

Warranty Information

This product carries a LIMITED LIFETIME WARRANTY on both parts and labor. Should your component fail to operate properly at any time during the warranty period, the manufacturer will repair or replace (at our option) the item barring any indication of misuse or abuse. Freight to an authorized facility is paid by the customer. Return freight is paid by the manufacturer. Warranty registration occurred automatically at the time your order was placed. There is no need to complete or mail in additional paperwork. If you have any questions about the operation or installation of this product, please call our distributor, Skywalker Communications at (800) 844-9555 or (636) 272-8025. Skywalker Communications hours of operation are from 8am to 5pm, Central Standard Time.
