## Clean up your installs!

In our ongoing mission to create the best line-up of racks on the market, we re-engineered our Royal Racks with a collaborative effort from the best creative minds in the industry. The new 2200 Series of metal cabinets are jam packed with custom features you'll love. So, who's behind the ingenious minds that helped develop these new racks? You, of course! That's right; we listened to what you had to say about improving our installation screws, re-engineering our design to speed up the assembly process, and adding the accessories you wanted in order to make your installs simple.!
