Installation

Goes anywhere. Sees it all.

Meet the versatile, weather-resistant camera that's ready for any environment. With countless placement options and customizable motion settings, Outdoor Cam (Stick Up Cam) makes it easy to stay connected all around your home or business.

Cover any corner.

Mount it on the side of your garage or on a fence in the backyard. Or simply place it on a table, by the grill, or even next to a cash register. From front porch to back patio and everywhere in between, the weather-resistant Outdoor Cam (Stick Up Cam) is built for outside, but ready for anywhere.

Works with Alexa

Combine Outdoor Cam (Stick Up Cam) with Alexa for hands-free home monitoring. When anyone triggers Ring's built-in motion zones, your Echo device will illuminate and make an announcement. If you have an Echo Show, you can also see, hear and speak to anyone captured on camera.

Frequently Asked Questions

What's the difference between Outdoor Cam (Stick Up Cam) and Spotlight Cam?

The main differences between Outdoor Cam (Stick Up Cam) and Spotlight Cam are device features, placement and power options. Spotlight Cam is an outdoor camera that comes with built-in LEDs. Unlike Spotlight Cam, Outdoor Cam (Stick Up Cam) doesn't have built-in lights and can go anywhere indoors or out. Spotlight Cams are available in battery, plug-in, wired, and solar options in either white or black. Outdoor Cam (Stick Up Cam) is only available in white with battery and solar as power options.

What privacy features are included with Outdoor Cam?

Outdoor Cam (Stick Up Cam) lets you create privacy zones that black out areas of your home that you don't want to monitor. You can also disable motion recording, alerts and audio right from the app to give you some peace and quiet. Plus, you can also schedule your motion alerts to turn on at the same time you typically leave the house and turn off at the time you typically return, (subscription required, sold separately).

How does the ceiling mount work?

The Mount for Outdoor Cam (Stick Up Cam) (sold separately) adds even more flexibility to your Outdoor Cam (Stick Up Cam). It allows you to mount your Outdoor Cam (Stick Up Cam) upside-down on ceilings and eaves.
