

SAG0221

6.5" 2-Way High Performance
In-Wall Speaker w/ Back Can (Pair)

INTRODUCTION

For both professional and home entertainment enthusiasts alike, the SAG0221 2-Way In-Wall Speaker is a stylish series that is capable of delivering a full, clear, and accurate sound response for applications where space is tight. It boasts a 6.5" Yellow Kevlar™ Woven Cone with a rubber surround, 1" Pivoting Tweeter, and 120W of peak power – all features usually found in high-end audio systems. This speaker even has a Back Can that offers added protection to its internal components as well as provides high quality sound resonance for a tight, precise sound. It is the ideal solution for home theater, whole house audio systems, and anywhere quality, in-wall sound projection is needed.
